The Romanian Chemical Companies Association - ROMCHIMICA

confirms that

SC HSH Chemie Romania SRL

complies with the rules of Responsible Care Program, as stipulated in the Global Charter, and is authorized to use the Responsible Care logo in Romania.

HSH Chemie Romania has a management system in place and demonstrates a high level of commitment by completing a self-assessment each year and providing the required KPI's by the International Council of Chemical Associations (ICCA).

HSH Chemie Romania continues to improve its environmental, health and safety procedures, and demonstrates commitment to sustainable development by sharing good practices with all the partners in the value chain.

Executive Director,

Georgiana Surdu

Bucharest, July 29th, 2026
